### Remember Pearl Harbor !

**You shall know the Truth and the Truth shall make you free from the Usurers who planned and carried out the Pearl Harbor attack with the help of the U. S. General Staff and sacrificed needlessly human lives on Bataan, Iwo Jima, Normandy, etc.**

**FDR did: and all high politicians in the Democratic, Republican and Communist parties are working against the Republic to reduce this nation to the level of British subjects who, also, are becoming Soviet puppets.**

# War Criminals Expose Themselves

## Smutty Lipshitz Proves Dewey's Guilt

### ARE THE PEOPLE SOVEREIGN ?

After jailing Tyler Kent in England for revealing to a British M. P., Capt. Ramsay, the contents of double-crossing messages between Churchill and Roosevelt, the newdeal war administration jailed Noble, Jones, Pelley and others, to terrorize all thinking Americans into silence concerning the real origin of the war and the identities of the responsible war criminals. Now comes John Chamberlain with an article in LIFE magazine of Spetember 24, exposing the double-crossing of the American people by FDR and the connivance of the General Staff into precipitating the Japanese attack upon Pearl Harbor successfully enough to make the people of the U. S. A. amenable to carry the war burdens imposed upon them by the "do-gooders" as Rep. O'Konski, of Wisconsin, calls the international cartel of war mongers and exploiters of dumb humanity .

No sooner did the advance news of Chamberlain's article show that Tom had full knowledge of FDR's double-crossing and warmongering at Pearl Harbor, before the 1944 presidential election, than Walter Winchell Lipshitz, the Kike, took to the air on Sunday, Sept. 23, to announce that Col. McCormick, of the Chicago Tribune, was a "dirty traitor" because his paper had already announced in 1942, after the battle of Midway, the cracking of the 'ultra' code of the Japs by the U. S.

The argument was around the "patriotism" or accessory to the war crime, in which Tom Dewey as a candidate for the highest office finds himself involved. Was Dewey patriotic in holding back the information from the people that FDR and Gen. Marshall knew of the coming attack on Pearl Harbor? The defense of Dewey's patriotism was rooted in the alleged need of secrecy of the fact that U. S. had cracked the Japanese code. But Lipshitz announced that McCormick's paper had already given out this fact in 1942.

That smutty keyhole Kike, thus, brings out the damning truth which indicts Marshall and Dewey. There was no secrecy imperative in 1944 concerning an item which the Japs knew already in 1942 thru McCormick's newspaper.

The only reason Gen. Marshall wanted Deweys' silence was to protect his own treachery, for he could have prevented the Pearl Harbor debacle by talking to Short and Kimmel over the "scrambler" phone, but elected not to do it, which proves that he and FDR were equally determined to make the American disaster effective to get the people mad enough for war.

The Congress is investigating the Pearl Harbor episode now. It will whitewash, as usual, the whole affair, otherwise it must demand Marshall's courtmartial.

But the important thing is not Pearl Harbor. That was merely the start of the holocaust. The important thing was stated by Rep. O'Konski. Who are the people he calls the "do-gooders"?

What America and the world needs to unveil is the identity, the method and the plan of those who force wars upon all the people in order to gain a better and bigger stranglehold upon the wealth and the producers of wealth, everywhere in the world.

Symbolic of the "do-gooders" are the Rothschild-Rockefeller-Tory Allies. They are THE Allies who wage wars and enslave all the peoples, everywhere in the world, to murder each other, plunder each other that these exploiters of mankind's stupidity may hold all of us in bondage to themselves.

Today the "do-gooders" are arming Russia for the next holocaust. One would wonder why. Because when America was a Republic, it nevertheless paid tribute to the International Rothschild banksters who control our issuance of credit and currency. As America grew they manipulated our economic conditions and our politics to enslave us. Now we are financing and fighting THE Allies' wars.

As Russia grows in imperialistic expansion, classes appear again. Officers become masters, soldiers slaves, as in every militaristic set-up. And as classes crystallize the huge colossus becomes corrupt. The usurers are masterminds in promoting corruption to their own profit.

Rothschild's eagle nest was at first at Frankfurt am Main. Then it expanded to Naples, Paris, London. Today it controls Wall Street and the White House. Tomorrow it will own Moscow, as well as Tokyo and Buenos Aires.

Are the American people sovereign? If we are, then it is our business to know all the facts and take measures to protect our own interests and our children. Today we live, die, bleed, fight and work for THE Allies, in bondage to the "do-gooders". Truman is as much a catspaw as was FDR.

---

As Congress reconvened, a full-dress investigation of the Pearl Harbor scandal was demanded. It can easily become the most sensational thing in history. It could cause the resignation of General Marshall, a besmirching of the name of former Secretary of State Cordell Hull, and complete exoneration of Kimmel and Short. John O'Donnell, feature writer for the NEW YORK TIMES, says concerning it: "The story of Pearl Harbor, of which much remains to be told, reveals that the late President Franklin Delano Roosevelt double-crossed even his White House successor Harry Truman by failing to take his running mate into his confidence concerning details of World War II's major mystery— Pear Harbor." O'Donnell blames only one man for the Pearl Harbor slaughter—FDR.

---

According to a statement by Dr. Felix Morley, eminent newspaperman and until recently, President of Haverford College, FDR actually knew in advance that there was a likelihood of an attack on U. S. bases prior to 'Pearl Harbor.' Morley further reveals that General MacArthur received surrender offers from the Japs before Iwo Jima and before Okinawa.

## The Split Atom

The appearance of the atomic bomb was so sudden that even now the great majority of the people do not understand or appreciate its significance for the future. Reading or listening to the statements of our profound men of science we are convinced that they know little more about the bomb and its future effect than we do.

It is being haled by the optimist as ushering in a new era of industry in which hard work will be reduced to a minimum and little labor, perhaps two hours a day, will be required of the average person.

But let's not go too fast. Behold the moon! In all probability it is a fair example of what the atomic "bomb" can do for a planet. As we see the moon today it appears as a burnt out world. No heat, no atmosphere, no moisture. Just a spherical cinder full of pits and craters and marks of destruction. So here may be a sample of the work of some lunar scientist who dared to tinker with the power he could not control. And who knows but that the comets and "shooting" stars may be the effects of atomic energy running wild after being harnessed by some scientist of the stellar worlds?

## That Negro Empire

Have you heard the latest rumor
Coming from a traitor's mouth
That he plans a Negro Empire,
Right here in the Sunny South?

One Ben Davis is the sponsor
Of this Communistic lark—
He's candidate for City Council
In the Borough of New York.

Who'll be ruler of this Empire—
New Deal Communistic mess,
And who'll wield the Negro scepter,
Is just anybody's guess.

But we harbor a presentment,
As we hear the Soviets roar
That the queen will be a woman
Who's toadied to the blacks before.

—Yellow Jacket

---

## "Blood On The Moon"

If the Communists go to work with their diabolical plan to set up a Negro Soviet Republic or Empire to extend from Virginia to Texas, we just wonder what the White Democrats of these states are going to do about it. And how will the New Dealers warm up to the proposition? They have been making goo-goo eyes at Communism for the past twelve years. The scheme is being agitated by Ben Davis, Negro candidate for City Council in New York. In an article in the Daily Worker, Davis advocates the transformation of the American South into an Independent Negro Republic.

## Who Started The War ?

NEW YORK,—Spelvin sort of twitches when he comes to the perfidious sneak attack of the Japs on Pearl Harbor because he does regard it as a dirty trick and hates Japs for their ferocities to prisoners and their arrogance in momentary victory. But, in the privacy of his own mind, he harks back to that little, insignificant dispatch out of Boston 13 days before Pearl Harbor which attributed to Sen. Claude Pepper, of Florida, a flat statement that our side would start shooting without warning the instant the Japs should cross an undefined line, apparently in the Pacific.

"The actual declaration of war is a legal technicality and such technicalities are being held in abeyance as long as those brigands continue in force", were some of the words attributed to Pepper, who has not denied them and who was and remains a member of the foreign relations committee, and so should know about our relations with other governments, and was an extraordinalily close chum of President Roosevelt, too. Was this just a case of flannelmouthed irresponsible talking big and loud or was this a responsible statement by an informed official of the American government announcing our repudiation of international law? If he was right in warning the Japs that we would start the war with a sneak punch, didn't that give them a right to beat us to the punch?

## Bilbo Calls the Lipshitz Kike

Mr. Walter Winchell:
New York, N. Y.

Dear Sir: I have just heard this Sunday night's broadcast by you, the most limicolus liar and notorious scandalizing kike radio commentator of today, and I want to thank you for doing me the greatest honor of listing me among your victims of hate. You are one of those who think you can spew your venom and hate and if anybody calls your hand you immediately try to hide behind your race and yell "persecution."

You know nothing about rules of fair play, otherwise you would have read the insulting letter by Josephine Piccolo addressed to me in which she boasted of the fact that she was neither a Jew nor a Negro—evidently she puts the two in the same class. You were not fair enough to even report the entire salutation of the letter in question written to me. When she told me she was neither a Jew nor a Negro, I addressed her as "My Dear Dago," and as a part of the salutation I said, "If I am mistaken in this please correct me."

But it would not have served your purpose to tell all the truth and you know a half-truth is worse than a lie. You could have repeated the splendid things I have said about the American Italians and the loyalty to their adopted country that was shown in this war, but that did not serve your purpose. You are like all rabble-rousing, strife-breeding Communists which I verily believe you to be regardless of how strong you may deny it. Your episode in trying to parade your patriotism by strutting around awhile in a Navy uniform did not fool the American people.

You are just a dirty scandalmonger kike, regardless of what you pretend to be. I would say more, but I realize no matter how much Jergen's lotion I might use, I could not keep white and clean by messing with you— you are too dirty and filthy.

Read the entire correspondence concerning the Piccolo matter as contained in the Congressional Record of July 24, and you will know what I think of the American Italians and their loyalty to America when their fatherland was making war against the United States and killing our boys on the battlefields of north Africa and Italy.

Could it be that you are so busy peeping into other people's keyholes that you do not have the time to read the Congressional Record, just as evidently you were recently so busy prying into other people's business that you did not have time to keep informed as to what was going on behind your own keyholes.

Be a good sport, if you can, and read this letter on your radio broadcast.

Yours truly, THEO G. BILBO,
United States Senator.

Tyler Kent, former code clerk who has been in a British prison for seven years, will be released around October 1. The big problem now is to get him home alive. He saw the cablegrams which Churchill and Roosevelt exchanged several years prior to Pearl Harbor. He allegees that they were planning the war right at the same time that FRD was promising no war. Kent's testimony would be very valuable in the Pearl Harbor investigation. Five attorneys recently conferred with Mrs. Kent concerning young Kent's affairs.

## The Marshall-Dewey Letter

Life magazine says that President Roosevelt "knew in advance that the Japanese were going to attack us" and that this information of the President's prior knowledge was in the hands of Gov. Dewey during his campaign for the Presidency last year. Dewey did not use the information, it is asserted, because Gen. Marshall, the chief of staff, appealed to him to refrain from doing so, on the grounds that Japanese knowledge that we had cracked their secret code would destroy a military advantage which Marshall is said to have asserted, we still enjoyed as late as last summer.

The most serious charge made by John T. Flynn in his exposure of the Pearl Harbor scandal now is substantiated fully. By the cracking of the Japanese code Mr. Roosevelt and members of his cabinet knew 16 hours before the attack on Pearl Harbor that the Japanese were going to war. Why they failed to pass on that information to the commanders at Hawaii still remains to be determined. Mr. Roosevelt, when he played with his stamp collection on the afternoon of Dec. 7, 1941, was, indeed, waiting to be surprised .

If there is any doubt in the mind of any American that the late President deliberately put this nation into war which cost us a million casualties, the Marshall-Dewey letter will sweep that doubt away. By itself it is a tremendously significant piece of evidence. It is, however, merely the final link in a long chain which establishes Mr. Roosevelt's constant maneuvering to put this nation into the war on the side of the British empire.

The New York Times has just added another piece of evidence. In an editorial on the Pearl Harbor secretary of war, Mr. Stimson, it recalls the circumstances of his appointment, saying:

"On June 18, 1940, over the radio, Mr. Stimson warned his countrymen of what lay ahead and submitted a program of what must be done to avoid catastrophe. The next day President Roosevelt offered him the secretaryship of war. He accepted."

Mr. Stimson's so-called program to avoid catastrophe was a plea that this nation enter the war. The minute the President heard of it he knew that here was his man. He lost no time in signing him up for the purpose of disrupting the Republican national convention which was then gathering.—Chicago Tribune.

## What Every American Should Know

SPEECH OF

HON. ALVIN E. O'KONSKI,

of Wisconsin,

IN THE HOUSE OF REPRESENTATIVES

Thursday, May 3, 1945

(Conclusion)

### WHAT'S COOKING NOW?

Well, it has come to a point already where nobody can say anything against Russia. The Russians can call the United States of America anything it feels like at the moment. But my, my, we must never say anything against the Russians because we might hurt their poor little feelings.

So the chief receiver from America's international do-gooders today is Communist Russia. We already gave Russia $10,000,000,000 of lend-lease. Russia is the only ally that didn't give us even one penny of reverse lend-lease. Russia gave us nothing except to call us names. But here is what we gave Russia:

Eight hundred thousand American casualties to save Russia from Hitler.

Fourteen thousand airplanes, America's best.

Seven thousand tanks, America's best.

Two thousand celf-propelled guns, America's best.

One hundred and thirty-five thousand submachine guns, America's best.

Fifty thousand other big guns, America's best.

Thirteen thousand locomotives and cars and so forth, America's best.

Notice, we gave Russia 14,000 airplanes. Yet, whoever heard of Russia bombing anything except Finland. American airplanes and flyers had to do the job in the rest of Europe, Africa, and Asia. We gave Russia four times more than we gave General MacArthur and our own boys up to January 1, 1945. Our own boys had to wait until Stalin's appetite was satisfied. In return for lend-lease, it should be pointed out that every country we helped gave us something in return—except Russia. We cannot even get one little base from her to help us fight the Japs.

Are we through giving things to Russia? We have not even begun. The war with Hitler is finished. Russia is not at war with Japan. Yet we are going to give Russia in the future even more than we gave her in the past.

Our international do-gooders now have the following plans to help Russia:

Lend-lease $22,000,000,000; three billion a year to Russia.

UNRRA, $2,000,000,000; half of it to Russia or sattelites.

Bretton Woods, $8,000,000,000; three billons to Russia.

Commodity Credit, $2,000,000,000; one-half Russia.

Export-Import Bank, $2,000,000,000. one-half to Russia.

Besides this, the international do-gooders are planning a $10,00,000,000 loan to Russia. And besides that, the same givers want to wipe out the three billion Russia owes us from the last war. The combined total that these schemers want to give Russia in the next five years is about $20,000,000,000 of hard-earned American money.

One would think that with these gifts Stalin would fall in love with us for sure. But read Russia's papers and see how much they love us. Stalin will not even go outside Europe to talk to our President. Always our President must go to court Stalin and promise him more billions.

Ask any child what country in the world is the only country which could wage a war against America. Any child will tell you there is only one country in all the world that could wage a war against us—that country is Russia. So the international do-gooders are doing to Russia today what we did to Japan from 1932 to 1942, and to Germany from 1923 to 1938. The United States of America is building up another potential enemy.

The arguments used by the international do-gooders are the same today as in the past. From 1932 to 1941 they said we must say nothing against Japan or they might get mad at us. During these years we were told that we must help the poor Japs. We must give them money and materials so that they will fall in love with us. So we were blackmailed until Japan, with our money and materials, got strong enough to attack us.

From 1933 to 1938 we were told that we must say nothing against Hitler because he might get mad at us. We were told that we must help Hitler to build stadiums and factories and give him money so that he will love us. We did all this until we made Hitler strong enough to start another war.

During all these years 13,000,000 Americans were on relief. During these years America's national debt and taxes were increasing. America meant nothing. The welfare of American people meant nothing. They were meant only to deprive themselves and build Japan and Hitler.

So today it is still the same. Now we are told we must say nothing against Russia. We should deprive ourselves and give—give—and give some more to Russia. So plans are to give Russia $20,000,000,000 in the next five years. No bonus for our soldiers—no increase in old-age pensions for our aged—just billions for Russia. So dig, Mr. Taxpayer, dig and dig some more. The international do-gooders are now giving Russia billions trying to buy Stalin's love. Russia must prosper. But America must wait and give until there is nothing left.

The U. S. A. built Hitler's war machine with U. S. A. money. The U. S. A. built Japan's war machine with U. S. A. money. The U. S. A. is now building Russia's war machine with U. S. A. money. The U. S. A. makes its own wars —bigger and better as the years flee by.

The Germans in Germany could feed themselves without much help and provide for themselves without help if permitted to do so. In the zone controlled by the British, the Germans are permitted to do everything to help themselves. This is not the case in the zone controlled by the Americans. Food is actually spoiling and materials are being wasted because certain high American authorities refuse to delegate responsibility to German citizens. Certain powerful and unforgiving Jews in America actually favor the liquidation of the German race by starvation. The more rationally-minded authorities here in Washington do not believe that German infants and unborn babes should be penalized for Nazi atrocities.

## Divine Atomic Power

Russia is hiring every possible Jewish and German scientist, physicist and mathematician, or forcing them to work on the production of an even more terrific "atomic" bomb as well as "death-ray". And they will succeed, because anyone with patience and intelligence enough can figure out nature's workings. Only it is an evil spirit that animates them.

Today the world is worshipping the EVIL Spirit that heroizes murder. God is dethroned in the White House and the chancellories of the world. Murder rules, the churches acclaim it and heroize the wearers of stars and ribbons. Mothers are proud of their gold stars, proud that their sons were killed. What beastly perversion of God's Love which should inspire motherhood!

The fiction that atomic fission, or splitting of the Atom, gives power to rule the world, is deadly poison. It poisons heads and hearts. It perverts the minds to seek "safety" in more devilish devices of murder and terror. Gone is good will to men; gone is integrity, honesty, good faith. Deviltry takes it place. Every church, every home, every office that places its faith in force and murder has become an altar of the devil-worship and hell, accordingly, is let loose upon the planet with worse coming. The truth of the scriptual story becomes exemplified; said the Devil: **"Worship Me and I shall give you dominion over all the world."** Everybody from the White House down is worshipping the Devil and by his atomic bomb the U. S. controls the world!

Nevertheless, in the face of it, there is a power greater than Truman's and his control of the atomic bomb and he and you have to answer to HIM before whom even the Devil trembles. The BROOM does not serve Devils, hence we don't fear Truman and all his atomic bombs. We love God, we don't worship the Devil and his Hell, which is War. That's the difference with a distinction.

The Uranium "Atom" has never been split. The atom cannot be split. The atom is the unsplitable unit. To split the unit is to annihilate the unit. If one could annihilate the unit then one could annihilate all matter, too. By what material means could this be done? It is absurd on the face of it. The fellow who were to split the unit would destroy himself as an Enitity as well. The very foundation of the universe rests on the indestructibility of Atom, THE irreducible minimum!

No scientist ever saw an atom, or split it, anymore than they saw God. Atom is the irreducible ultimate material unit; God is the irreducible spiritual Unit. You cannot go beyond atom to produce something else, atom is NOT composed of ions, electrons, neutrons, protons, etc. Atomic activity **produces** all these phenomena. In the fission there is merely an interference with atomic function and its by-products. All these fangled ions, neutrons, electrons, etc., are not composites of the entity—atom. Atom is its own ultimate, not composed of further ultimates.

As nature reveals the tremendous forces within atomic activity, let us not forget that the human ATOM, the Ego, I, You, are the power that controls even the atomic bomb. Atom in matter is the revelation of divine, creative intelligence.

While the murderers worship the Devil we, Christians, worship God. We are not afraid of death and terror. Why should we give our lives to promote crimes if we can give our lives to promote good will and service of God, the Truth, Love and Paradise?

Each one of us is THE Atom. We are LIFE atom. Thus being conscious of our indestructibility why should we obey the murderers and worship the Devils of War, Hypocrisy and Falsehood when by the same sacrifice we can obey God and give our lives for Truth, Goodwill, Integrity and Courage to proclaim God's superiority over Truman, Rosenman and all their minions of Hell?

An illustration of how Negroes are spending money in Washington was given by a Washington jeweler: "Two colored women came in about a week ago and said they wanted to buy watches. One picked out one for $690; the other one for $1190. The one who bought the cheaper watch got a $390 ring in addition. They paid cash in $100 bills."

## Study German Files For Evidence Against Sedition Defendants

WASHINGTON,—At the request of the Justice Department, a search of Nazi files and records has been undertaken **in the hope of locating evidence** incriminating the 26 defendants in the sedition trial which ended in a mistrial last December. The results of this search, which is now being conducted by American officers in Germany, **may determine whether** the sedition trial will be resumed or entirely discarded. **It is believed** that some of the files will disclose dealings between the defendants in the sedition trial and the Nazis.

It is reported that both, FBI agents and Army Intelligence officers, are conducting this investigation of major German propaganda organizations, including the German Foreign Institute, the League for Germandom Abroad, World Service, and the Fichte Bund, which specialized in spreading Nazi ideology to fascist-minded natives, in various countries. **It is believed that the files will disclose** the direct connections between these organizations and the sedition defendants.

**Editor's Note:** This proves that the 26 defendants have been indicted and jailed **without evidence** and now the Jews are looking for evidence. That's the Rosenman-Moscow style, without due process of law, perversion of "prosecution". And Tom Clark yields to the Jews to do it.

## Tom Dewey, War Criminal

Republican presidential candidate Dewey was told that if he attacked Roosevelt for his Pearl Harbor defalcation and all that it implied he would have to reveal that Roosevelt and other members of the Government had Japanese code information that the attack was coming and that although this code **was already three years old,** Marshall and King would have to DENOUNCE —that's the word used at the time—presidential candidate Dewey for giving away military information—and Dewey had just got through announcing his implicit confidence in these two commanders, stating that he would retain them in their posts if he won.

**Replied Candidate Dewey in effect, I have either got to destroy the confidence of the American people in their commander in war time or skip the best proof of the unfitness of that commander. I choose the latter.**—Upton Close.

### SEEK TO BLOCK DEPORTATION OF WESTOFF

WASHINGTON,— The Citizens' Protective League of New York has filed suit in the District Court in Washington in an effort to block deportation to Germany of Ferdinand Westoff, from New York. The suit names Attorney General Tom C. Clark as defendant. Westoff claims that he is a citizen of Peru, although he was born in Germany.

L. M. Birkhead and his 'Friends of Democracy' are organizing a program of character assassinations against Frederick Kister, founder and organizer of the Christian War Veterans. Birkhead takes large sums of money from alarmed Jews, who, unfortunately, think that the way to stop anti-Semitism is to make enemies among Christians. Birkhead is now boasting that he and his outfit will have been responsible for getting the Rev. Walter A. Maier off the radio. Rev. Maier is the world's most famous Lutheran preacher who has been broadcasting through the facilities of 600 radio stations.

## The Real War Criminals

President Truman in his speech remarked that he is willing to feed Europe, but is not concerned about Germany, whether they starve or not. What a good Christian he must be. He forgot that the Allies have starved the Germans for the last 2 years and the part of Germany that can be used to raise food and cattle is in the hands of the Russians for more than a year. He also thanked God for that devilish bomb they used on Japan for the first time, he should have thanked Satan for that, he rules the world now. We have become savages, in regard to cruelty, the colored people in those Islands can learn from the white people in that respect, probably they despise the white race by now. Civilization and Christianity is dying. I hear no churches arise in protest against that wholesale murder and destruction. The Allies outdo Hitler in every respect, what they killed and destroyed in one week, Hitler didn't accomplish in one year. We are pointing to the dirt on the other people's doorsteps and fall over the dirt on our own. On Feb. 13th to 14th the Americans destroyed the city of Dresden and killed more than 500,000 people within 14 hours! What an outrageous crime! It so happens that all my people lived there and we German-born citizens have to wait in anxiety whether they are alive or not. There is very little concern about us, we of German birth are good law abiding citizens, we are taught that in our old Vater-land, believe me, most of us are better citizens than the native born. And the abuse we had to stand during this war!

We went to war to fight for Democracy, Liberty, 4 Freedoms and against enslavement! What a joke this turned out to be! The young men who refused to go to war for religious reasons were interned to do **hard labor for the Government without pay, food and clothing.** The families have to support them. And what about the 300,000 German prisoners? Although the war is over they still are enslavedd by our Government, they are hired out to farmers, who are complaining that the prisoners are underfed and so many of them are not able to do the hard work, the Government is collecting the full pay minus 80 cents a day for the prisoners. So far the Government earned thru their work 102 millions a year! Among these prisoners are the crews of two large German warships, the Columbus was one of them. Both these ships were betrayed to the British by Roosevelt before we entered the war. He also is responsible for the war with Japan and the destruction and loss of life in Pearl Harbor for which Washington has been framing Kimmel and Short! Speaking of war criminals, there are plenty on the Allie's side, when will they start to hang them? One of them. I mean R. died of his bad conscience. Will we leave the others to die of the same trouble? Maybe it would be a more painful death for them, it would be a slow one.

### CHAPTER III.

Situated in a lonely spot, near the foothills of the village known as Bethlehem, was the small and humble dwelling place of Yousef, the artist. It presented quite a contrast to his luxurious home in Nazareth, where he resided with the children from his former marriage. Now that he had taken Miryam unto himself, he did not think it advisable to take her to his home in Nazareth, considering her delicate condition unsuitable to city life and the environment a probable detriment to the child to be. He was also too considerate and farsighted to expose Miryam to humilation at this time, knowing only too well the position of his own children and the influence of his talkative and inquisitive neighbors who were ever on the elert to pry into his private family life, thereby breeding mischief, discontent and jealousy.

Altho their humble home by the hillside offered meager comforts for Miryam, who had been reared under better circumstances, she as well as her protector preferred to live unmolested, and so took up their abode with the chief shepherd who devoutly cared for Yousef's little property.

The house and cattle sheds being all one building, the rooms merely partitioned off, it was rather a new departure in Miryam's life, but even this apparent state of humiliation was preferable to the thot of becoming an object of constant gossip.

The place had been fitted up by Yousef, with the help of the chief shepherd, and made cozy as conditions would allow. The season was pleasant, and only towards evening would the sheep and cattle rest about the place while the herders would remain in the distance, out of respect for Miryam and Yousef, their lord and master.

When the time for delivery came, Yousef cared for Miryam with all the attention of a devoted husband and left nothing undone to make conditions as agreeable as tho domiciled in a princely home.

It was the eventide of the 23rd day of May, in the year 749 after the building of the city of Rome, when Miryam wrapped her child in linen and was thereafter considered a woman with all the privileges and attention due to motherhood. Following the customs of the times, those of the immediate household were given the opportunity to first behold the Child of Promise, and Gheber-Eliye did not miss his opportunity to deliver the message personally to the camping shepherds outside and invited them to the house to pay their tribute and to hail and greet the new-born about whom they had been informed sufficiently to draw their own conclusions. Upon beholding the strangers within the gates, arrayed in foreign and gorgeous costumes, it added greatly to the surprise of the simple-minded shepherds and peasants.

Father Eliye, who desired that the news of the birth of the child be not carried beyond the borders of Galilee, cautioned the three wise men to not return the same way in which they had come, but to pursue their path northward and thru Capadocia, where Orders of the Communion were in expectation of one named Apollonius, admonishing the Magi to deliver unto Capadocia the message of the event to which they now had become eyewitnesses, so that there might be perfect union in the offering of prayer and thanksgiving.

Since the birth of Yeouan there was much commotion among the priests, and the people under their control were constantly stirred towards actions detrimental to the honor and position of Zacharias.

Now that the unexpected appearance of Elizabeth's child upset their calculations, the priests vowed in secret to undermine all the actions of Zacharias and hasten his downfall and ruin.

The strange reception of foreign astrologers, and the special attention paid the child by commonly recognized and professional soothsayers on the day of circumcision, were not quite forgotten, and the priests took advantage of this occasion to use it as material against Zacharias, converting it into political capital that is might serve the purpose of their intrigues.

Yeouan was only a few months old when the trouble gained such momentum that the outcome promised to be disastrous. To such an extent were the intrigues carried that the Sanhedrin demanded an explanation from Zacharias, who briefly related the situation in such simple terms that the council could not arrive at a decision without offending one or the other faction, so the priests confined themselves to the people and used them as tools to further their own needs.

Debased characters were employed to disturb the services whenever Zacharias entered the Temple to officiate, and when he reproved them for their riotous actions they openly revolted in order to create sentiment in their favor.

Even Elizabeth was made to feel the contempt shown her on various occasions, and whenever opportunity offered unmistakable actions of intended harm were in evidence even towards the boy.

Is it any wonder, then, to see Zacharias rise in the majesty of his being and lift up his voice against the abomination of the people, the priests and those in authority, whose actions the masses would imitate, considering their leaders examples after which they should pattern?

Not only did Zacharias condemn their behavior but he showed them their falsities, their intrigues, their corrupt family relations and business transactions, their utter degradation in social and political circles, and pointed out in unmistakable language the terrible decay and moral decline upon all planes of spiritual endeavor that developed the spirit of frivolity that jests with the true and serious in life, sneers at classics and masterpieces, fanatically raves against reforms, merges patriotism into egotism which would incite disturbances and force wars, making it impossible for the better elements to thrive and gain a just reward for its untiring efforts. He concluded his statements by qouting from the prophecies to the effect that history would repeat itself again and again, and pronounced a curse upon their heads instead of the expected ritualistic blessing.

The bitterness against Zacharias grew daily among the priests, and the people were not slow in following their example, the more so since they had been humiliated in their pride and shown their injustice, iniquity and greediness, which was the downfall of their forefathers—a terrible thot to haunt their memories. It filled their hearts with anger and malice toward anyone daring to show up the dark places that veiled their cowardly nature.

The birth of Yeouan became an object of much controversy, and the circumstance of being born of aged parents led many to believe it not only a miracle but an event shrouded in profoundest mystery, in the unraveling of which the priests and their hirelings were seriously engaged.

The professional call of the Wise Men from the far east, the land of Early Rise (Bacta-Rah), or Bactria, the prophecies of Simeon at the Temple and the excitement created by Hannah among the Temple servants and the regular worshipers, the fearlessness of Zacharias in the use of his authority, and the many rumors afloat regarding the wonderful child, all aroused suspicion and fear on the part of the priesthood.

The uneasiness became so intense that Herod and the government officials began to become interested, so much so that every means legitimate and otherwise was employed to gain further information upon what appeared to them to be a new secret movement to overthrow the government.

But with all the ingenuity of well-trained spies, and the aid of ecclesiastical shrewdness, every effort failed to fathom the new movement that seemed to be operated by apparently unseen hands and furthered by some superhuman power, the diplomacy of which was entirely foreign to the experience and knowledge of the politicians as well as the priestcraft.

Much to the dislike of Gheber-Eliye, but for the sake of protecting the interest of the plan of the New Order and the parties concerned therein, it became necessary for him to offer his services to the government, thereby gaining its explicit confidence. He did all in his power to control matters to such an extent as to get church and State officials to do his bidding.

To succeed in his new vocation, Eliye found it advisable for Miryam to remain in Bethlehem, of Galilee, under the protection of Yousef, the artist, and to keep their knowledge well guarded and buried in their hearts.

Yousef proved faithful, and under his guardianship and the tender care of Miryam the child was given all the opportunities and advantages of his day to wax in strength and vigor, both mentally and physically.

Surrounded by people of more liberal thot, and under a comparatively small degree of priestly influence, Yousef and the child Yehoshua remained unmolested, as all of the political affairs of the country remained concentrated in Judea.

To give no occasion for suspicion, Yousef followed his occupation to a limited degree only, devoting the greater part of his time to private life in the village home, attending to his business in Jerusalem only when it seemed safe and wise for him to do so. (To be continued)

### You Ask Why ?

You ask
why am I in love with you?

Do the leaves ask the wind
that caresses them with soft hands?
Do the flowers
that stretch toward the sun in the vigor of their youth
Ask the sun why?

You ask
why am I in love with you?

Do the waves that beat against the shore,
year in and year out,
ask—or even doubt—the shore?
Do the birds in the skies
that seek the shelter of tall trees at night
Doubt
the hospitality, the welcome, of those trees?

You ask
why am I in love with you?

If you waked me in the darkest hour of this night,
I do not know if I could answer you...
Or if you meet me soon, some winter day,
and we shall stand and talk
while angry winds struggle to go past us,
Then you might also ask,
but then—as now—I can only answer—
Does not your heart answer you?

### POSTSCRIP

"Darling Daisy," wrote Clem to his beloved, "I should swim the mighty ocean for one glance from your dear eyes. I would walk through a wall of flame for one touch of your little hands. I would leap the widest stream for one word from your lovely lips. As always, your Clem."

"P. S.: I'll be over Saturday night if it doesn't rain."

Soldiers who were known to be vigorous America Firsters before Pearl Harbor have been kept in work camps during the war. Now they are being sent overseas to dig up the bodies of the dead. They will be kept in this service one or two years more. The treatment of these young men will hardly bear investigation. Scandalous practices are now beginning to come to the surface.

### What is Karma ?

Kosti, dear:—

Since wakening and doing my breathing, have been thinking on all you wrote me about this KARMA we have, and need to work out. It confuses me a little, because I am not thoroughly familiar about KARMA, but that always drew me when you wrote about it in THE BROOM and I could understand it had a great deal to do with our experiences as an individual and as a nation. I want to really understand it, I never have. Just heard people who lecture speak about it sometimes and I got the impression from them that all Karmic claims could be made ineffective through LOVE OF GOD. Of course that is what you are saying to me.

Soya milk is done and I have to hurry now with breakfast and going to work. Much love—I am all mixed up, so I get **still** within, to find my poise.

Your LEO daughter, GLADYS

* * * *

Dear Gladys:

You finished your letter with the right thought: "I am all mixed up, so I get **still** within, to find my poise".

Will give you an illustration of how KARMA works.

This afternoon I finished at the printshop about 2.15 PM, which is quite early. Yesterday I had returned from Oakland and Los Angeles and am sleepy yet. Have driven straight thru when I left you, till I reached L. A., 12 hours, while I was so tired I wanted to find a place in Hayward already to go to bed, but always drove on to the next town, and the next one and finally wound up in L. A. where, again I visited for 12 hours straight, so went without sleep. Therefore I decided this afternoon at 2 PM to go home and sleep, but it is now 5:15 and I am still working, typing this letter.

When on the sidewalk at 2:15, intending to shop for my supper salad, a young woman greeted me. She had dark glasses so I did not recognize her, but automatically returned her greeting, as I always do. The young woman, in many ways like you, introduced herself. I had met her before. She was hunting for a home, herself and two young children, divorced from a drunken husband, returned to her people who also drink, and now desperately hunting for a small house to buy, or an apartment to rent, where they allow young children. She was all upset and no place to go to get away from those drunkards and give a better environment to her children.

That is her KARMA .

I asked her whether she knows about breathing exercises. "I heard about it, Mr. de Aryan. The Yogis do it, but I never learned how."

"What are you about to do now? I just finished my work and am free".

"I am free, too", said she. "I was going to see another real estate office to register with them for a house, but even that can wait."

"Then let's get into my car. I'll drive out where we can see the back country and I'll explain to you how to do your breathing exercises".

And so we did. We could see as far as La Mesa and Mt. Helix, where I parked. "Now, young woman", said I, "forget everything unpleasant. You have now half an hour for a holiday, just be happy you are alive. You are out with a friend; relax and be thankful."

"If I only could forget, but the experiences of last night keep on crowding in on me".

"That's all right. Just say it out loud now, don't mind me, I understand the situation you are in; say out loud, **'thank God I am still alive'.** Say it."

"Thank God, I am still alive".

"Now say it again and mean it".

"Thank God, I am still alive", and she added, "really, it makes me feel better".

"This is because hell is hell only as long as it seems eternal, no end to it. But the moment you contact God with thanks in your heart, hell's spell is broken. God is no mysterious person outside of you, but is the consciousness within you **'I AM—GOD'. This consciousness within us, 'I Am' is God's.**

"That's how you leave hell behind and reach divine consciousness. That's all there is to it. No mystery whatever. You are the child of God, of HIS essence and that essence is 'I Am', then you decide WHAT you are: big or little, happy or miserable, rich or poor. That's **your addition to the 'I Am'**, your contribution.

Up to now, you added 'I am troubled', now you start a new turn of the wheel, you say **'I am happy I am alive.' This is the One Talent God gave you.** You use it to neutralize the feelings of frustration and helplessness."

"I'll try, Mr. de Aryan".

"No, don't try. Just take another breath, now exhale sweetly, effortlessly, say **'I am happy I am alive'.** Do it again".

"I am happy I am alive" and she took a long, sweet exhalation. "I'll try and remember every word you said, Mr. de Aryan".

"Child you can do better than that. Start right now. Relax, repeat your thanks, exhale slowly, and that breaks the spell and starts you out of the depression. Just keep on breathing sweetly in and out, longer and longer, gently. That sweetness annuls the bad feelings. Once you broke the spell you are out of hell and you will see you will draw people to you and opportunities will open up, you'll find your better environment".

" I am sure I will now. Just the fact that I met you and you showed me how to break the spell, tells me my KARMA has turned. I am Catholic, but I read Theosophical literature, so I can understand what you are saying. I am sure we Catholics are right, there is an angel watching over each of us who led me to you."

"You see, Child. There is no God unless it be the God within you who gives you the power to be thankful you are still alive. This power is creative. Instead of dissipating your feelings in misery, invest your mind with new power which leads you to better things. Breathe, breathe, fill the blood with oxygen, send it to the brain to replenish it and you will find your opportunities which escape your vision while you are downcast and forlorn. God works from within ourselves, so that we can be free and be beholden to nobody. Now I'll take you back and go home, too."

So I took her back to the printshop. It was almost 4 PM. Finished my food shopping, went home, made supper and still did not go to bed. This is MY Karma. Love, KOSTI.

# Racial Politics Undermine U. S. A.

## The Loyalty of the Jew is to the Jew Only!

**(He can never be truly loyal to the interests of any other nation in which he may take refuge, even at best, such loyalty on his part will be only secondary; and, to that extent, his acquisition of citizenship will be a false pretense.)**

Senator Theodore G, Bilbo and
Congressman John E. Rankin, Washington, D. C.

Dear Sirs:

A recent episode in the world of radio propaganda is worthy of special note as a typical example of the extent to which Jewish success in capturing key positions in American business and finance and politics, and even in our judiciary, and in our professional life, has filled the foolish heads with such insolent assurance of the permanency of their domination that it is with a sense of complete impunity that they first injure our financial standing by levying unearned tribute upon our respective efforts—and then insult our intelligence by attempting to make us like it, putting forth as their spokesmen and apologists, not only a large number of newspapermen, whose support of their families is dependent upon their backing of Jewish interests, but also putting forth as their spokesmen such unspeakable morons as our half-pint-sized, half-kike-begotten, Mayor. The whole process backed up by improperly procured legislation that make it criminal for us to express disgust or contempt for this oriental people which by dint of oriental cunning and hypocrisy, and utter lack of occidental conscience, have practically conquered a country which they could never have subdued by arms, even if they were forty times our number, instead of being a beggarly one fortieth of our population.

Their initial step in this campaign of conquest by cash was, of course, to first take advantage of our free enterprise principles to capture nearly all the avenues by which our citizens can get information, or even commentary upon such information—and radio has become a pointed instance of the way in which they can make a thousand devils of falsehood dance on a single needlepoint of seeming fact.

Hence, it was with no particular surprise, although with no diminishing of indignation that on August 10th I noted that the usual and chronic monopoly or special entry which our radio authorities give to such puffed-up kikes as Walter Winchell and Gabriel Heatter, and their like, had been stretched far enough to admit the whining tones and the stumbling ennunciation of the "amoozing little cuss" who, at the expense of the taxpayers, emits a succession of utterances so utterly remote from reality that nearly every utterance "subtracts something from the sum total of human knowledge."

This latest lubration on which I happened to tune in my radio turned out to be blurp activated by the customary Jewish practice of urging arson, murder or racial enslavement against any person or element that may dare to throw obstacles in the way of their serpentine Jewish progress toward World conquest. With practically all of our broadcasting stations being under Jewish control these people run riot in their demand—with nary a word of protest from the stooges who by dint of Jewish influence are named as lords of radio—for the exterminating of men whose activities would never have been noted by these Jews, had they been directed to the favoring of some Jewish interest, instead of to the thwarting of a Jewish program which happened to be directed against a different set of enemies.

As a matter of fact, these gentile stooges for Jewish programs are raving along in blissful unconsciousness of the fact that they are putting their money on the wrong horse, and are directing their efforts toward their own ultimate discomfiture. Even among the Jews there are many far-sighted men who perceive that the methods by which the aggressive and invasive and subversive Jew acquires his financial power are arousing against all Jews a mass of outraged public sentiment that will tend to sweep all Jews into discard; and, beneath the surface, this element strives—although with little success, up to the present time—to halt the undesirable Jewish element in its wild career of cunning crime and financial conquest. Years ago, when the famous London Jew Israel Zangwill was visiting the United States, he was told by a New York representative of the far-sighted Jewish element: "Anti-Semitism in America differs somewhat from that of other countries. I expect to be living when they will roast Jews alive on Fifth Ave."

This Jewish megalomania of endeavor to become and continue to be the undisputed owner of the air, the press and the political machine in every municipal, state and national legislature—and their racial abuse of all Bill of Rights privileges, to the complete disadvantage and disfranchisement of America's hundred million citizens of Aryan stock—adds daily and hourly its fuel to this growing anti-Jewish sentiment among these citizens of Aryan stock. Such abuse of the air waves as is being perpetrated by half-Jew Fiorella La Guardia "the greatest mayor New York ever had", as our Jew-controlled local newspapers keep blurping to the outside newspapers, for whom they foolishly fancy they are setting a journalistic example which they hope is being followed—while Aryan Christians throughout our Eastern States are being barred from the air for year after year—is reversely creating a hundredfold more anti-Jewish feeling than even anti-Japanese feeling.

Thus, as I said in the beginning, Jewry's self-intoxication and its self-deception in hoping for increasing and continued control and domination of the mentality of American Gentiles, render this fanatical outfit more and more arrogant in the unbridled use of abusive language and injurious action against those who have the courage to oppose their essentially disloyal and subversive scheme; and in contrast to this policy of persecution it is noticeable that the Congressmen and Senators who today are uttering for public consumption words of belittlement against legislators such as Senator Bilbo, are men whose constituencies are practically controlled by a Jewish element holding a balance of voting power. Fortunately Senator Bilbo has the courage and the high principle to meet these criticisms head-on, and with the informed contempt which they deserve. He is undoubtedly a man raised up by God himself for the protecting of our beloved Republic from the insidious hostility of this hopelessly foreign element that has acquired American citizenship very much as a military spy enters a fortress clothed in the uniform of the garrison which he hopes to betray. May God grant Senator Bilbo long life and continued vigor.

Very sicerely yours,
KURT MERTIG, Chairman
CITIZENS' PROTECTIVE LEAGUE

Bad feeling has developed between the French and American soldiers. About the only word the French can speak is "gimme." An American soldier can buy nothing of consequence for less than 1,000 francs, and it is invariably of poor quality. The typical quotation of the American soldier in France is: "All they apparently want to do is to take everything we've got and give the absolute minimum in return. For my money you can have this country. We want to go home and never come back."

# N. Y. Reds Close Hall To Nationalists

## Lies of Red Press Cause Big Hotel to Exclude Monetary Group Meetings Also —Sedition Trial Speculation— Russian Deviltry

NEW YORK, (Special), Sept. 24,—As a consequence of the lies and slanders published by New York's three left-wing papers, "The N. Y. Post," "PM" and the"Daily Worker," the Empire Hotel has refused to allow the local "Nationalist Party" and the N. Y. Monetary Reform group to hold any more meetings in its convention rooms.

**Readers of this paper will recall the two letters written recently by Hudson De Priest, one to Roy Howard of the Scripps-Howard chain protesting against the lies published in the Segal article regarding the Detroit Monetary Congress convention and the other to the "N. Y. Post" regarding its slanderous account of the "Nationalists" meeting at the Hotel Empire.**

Howard did not publish the De Priest letter, but the N. Y. Post published two-thirds of the contribution—too late to undo the evil, for the hotel had already made its decision from reading the libelous articles.

When the Jewish Anti-Defamation League ("ADL") of B'nai B'rith wishes to squelch anybody or anything, it simply shouts "Anti-Semitic," and every Jew and every person who fears Jewish power runs to shelter and shuns or boycotts the object of the slander.

There was no "Anti-Semitism" at either meeting; both were patriotic, pro-American, sincere groups. They were not even as Anti-New Deal as the ordinary G. O. P. rally.

Yet, so far as concerns N. Y. and probably the cities where Howard has his papers, these two groups of good Amricans have been seriously injured and their rights to freedom of speech curtailed if not prohibited.

### "PM" ON SEDITION TRIAL

**The blood-thirsty red jackal sheet "PM" and the "Daily Worker" state they have by no means given up hope of getting the Washington "Moscow" trial under way again this fall.**

Following Lipshitz Winchell's broadcast denying abandonment of the trial, "PM" published that it had contacted the Attorney General, Tom Clark, in Washington, and that Clark had assured them he had not dropped the case.

But—shades of the Founding Fathers who forbade such things in the Constitution, the persecutors were denying the accused a "speedy trial" in the hope that additional evidence might be obtained from the "war criminals" awaiting trial in Germany.

### RUSSIAN INGRATITUDE

Real Americans here in New York are gritting their teeth in indignation on reading how the Russians are mistreating Americans in Germany.

A German railroad, over which supplies for the Americans must pass, starts in Northern Germany in the British occupied territory, then dips for SEVEN MILES into RUSSIAN controlled, after which it enters the American zone.

**THE RUSSIANS HAVE BLOCKED OFF OUR TRAINS AND WILL NOT LET THEM PASS THROUGH THEIR ZONE !**

Yet the Russian despotism is asking poor old Uncle Sap for six billion dollars... And we already have given them the right to use our invasion money plates; they are flooding Germany with inflation money, which we redeem at 25 per cent par in good American spondulix!

And President Truman is quoted as saying that he will assume the responsibility if he decides to let them have the secret of the atomic bomb!

---

Popular question in Washington is: "If we can forgive the Allies $41 billions in debt to the U. S. A., why not cancel a few debts of our own American citizens? Why put an American citizen in jail for not paying his income tax if we are going to cancel the debts owed to us by foreigners?" If we cancel the Lend Lease debts of foreign nations to ourselves, it will mean a donation to foreigners of about $2,000 per American family. But when Gerald Smith and others insist that each mustered-out veteran should get $1,000 cash, they are branded as demagogues and crackpots.

## Hard Peace—Soft Peace... Georgia Blatherskite...Chickens Come Home To Roost

By WASHINGTON ADAMS

**WASHINGTON (Special), Sept. 23,—"American" Reds were cursing General MacArthur for giving Japan a "soft" peace; which caused the General on Friday to "clamp down" on Japan, and the Administration to issue a statement, inviting the "leftist" forces in Japan to revolt against the very government through which the American occupation is operating in Japan.**

This is most unfortunate. Neither MacArthur, to save his soul, nor the United Nations, if they had supreme power, COULD GIVE JAPAN A SOFT PEACE.

In this war we have practically DESTROYED JAPAN'S civilization.

We have erased her greatest cities, sunk her ships, destroyed her factories, killed her young men, bombed to ashes a million women and children, and made widows and orphans of still other untold millions.

**WE HAVE REDUCED TO RAGS, WRETCHEDNESS AND STARVATION THE ABLEST AND MOST PROGRESSIVE OF ALL THE DARK RACES OF MEN.**

We can only guess the outcome. The havoc we have caused in Europe and Asia may yet become a CANCER that will destroy our own civilization.

**To give Japan as Christian treatment as lies in our power might undo some of the harm we have done.**

Are we to abandon the known truths of science and religion—that **GUILT IS NEVER NATIONAL, RACIAL or family, but always INDIVIDUAL?**—and adopt the opposite viewpoint, that the German and Japanese children are responsible for the sins of big leaders, and must be "PUNISHED" for generations to come?

The latter is the Hitlerian, Stalinesque, Trotskyite, Fascistic, totalitarian doctrine.

General MacArthur, on demand of the New Deal Administration, is quoted as saying, **"The United States won't ever let Japan regain power!"**

If I understand English, that means we shall for all time act as OPPRESSORS of the Japanese, for only as oppressors can we keep any nation in permanent servitude.

Nonsense....What does the general mean by saying: **"Her punishment will be long and bitter?"**

**Why not say, "She and Germany have been punished already more severely than any other nation since Carthage—we shall impose no further destruction, let tsese ruined survivors—the widows and orphans—start back on a recovery that may take hundreds of years, if ever."**

### GEORGIA BLATHERSKITE

Senator Russell of Georgia pleased the "Daily Worker" and the Moscow Reds when he cried for the trial of Empor Hirohito as a war criminal.

Russell started out as a senatorial blatherskite, then seemed to show good sense on his return from a foreign tour, but has now reverted to his former status.

He seems ignorant of the history of his own State.

It was the harsh and cruel "hard peace" treatment visited upon the Confederate widows and orphans, when their menfolk lay dead upon the field of battle, their cities burned, their farms destroyed, that caused hatred of their Northern cousins to endure in Georgian hearts for eighty years.—and resulted in their outlawry of the "black Republican" party to this day!

Harsh peace never pays.

**Woodrow Wilson said in 1916, "PEACE WITHOUT VICTORY IS THE ONLY PEACE THAT WILL ENDURE."**

**He showed that cruel defeat builds up hatreds that sow the seeds of certain future wars.**

After we entered the first World War, in 1917, we abandoned Wilson's high principle; against all precedent refused to allow our defeated enemies seats at the peace table; gave Germany a hard and vindictive peace; killed nearly a million German children after the 1918 armistice; and sowed the seeds of the Second World War. (See my article on "The League Failed, Because Founded on Injustice.")

**On Sept. 5, 1919, Woodrow Wilson said, in his St. Louis Coliseum speech: "The real reason certain nations entered the war against Germany was because they feared she would get the better of them commercially and industrially... This was not a political war..."**

Probably not one Englishman in 10,000 knows that Wilson made such a statement,—and not more than one American in 1,000.

True, this latest war was also primarily commercial; but, secondarily and hardly less important and bearing resemblance to the Negro issue in the Civil War, the Jewish question in World War II.

### CHICKENS COME HOME

The nation-wide strikes for inflatory wage increases are only the New Deal chickens coming home to roost.

Smart men long ago knew that when the Dealers turned American workers over to the union racketeer bosses—the **"generals of greed, gouge, and grab"**, incubators were being filled with eggs, and that in due time the wild chickens of anarchy would hatch out and "come home to roost."

All the industrial union workers of America and their wives and children together number less than 30 millions, while there are about 105 MILLION non-union Americans.

Should we allow the tail to wag the dog?

Nathan L. Ohrbach, national chairman of a campaign to raise $4 million for the American Jewish Committee and the Anti-Defamation League reveals in a recent confidential letter to Jewish supporters that the money is being used to fight criticism of the Jews commonly known as "anti-Semitism." According to their own record Ohrbach reveals that 25 per cent of the people are anti-Jewish, 25 per cent are pro-Jewish, and 50 per cent are subject to influence. In a letter he summarizes some of the things they are doing and proposes to do with the money: (1) Conduct a high-powered educational program to reach every man, woman and child every day through press, radio, advertising, comic books, schools, speakers, information, community service, movies, churches, labor and special groups; (2) 65,000 radio broadcasts; (3) Magazine awards for the best pro-Jewish articles; (4) 26 full-page advertisements in 397 newspapers, reaching 100 million readers —cost $691,520; (5) A poster campaign on 1,000 billboards in 130 cities—cost $250,000; (6) 16,000 cards and space with pro-Jewish messages on payroll envelopes, match book covers, etc., in 24 cities; (7) $100,000 for foreign language press; (8) 330,000 pro-Jewish pamphlets "tailored to fit audiences"; (10) Subsidize lecture bureaus reaching 30 million people; (11) Distribute 40 million comic books for children containing a few pro-Jewish strips in every book; (12) Pro-Jewish campaigns in schools, labor unions, civic groups, veteran organizations, etc.

### HIS POP A WINNER

Three small boys were bragging about the prowess of their dads. The first boy said: "My dad writes out a few short lines, calls it a poem sends it away and gets ten dollars for it."

"My dad," spoke up the second lad, "makes some dots on a piece of paper, calls it a song, sends it away and gets twenty-five dollars for it."

"That's nothing," spoke up the third, "my father writes out a sermon on a sheet of paper, gets up in the pulpit and reads it and it takes four men to bring in the money."
